

Douglas Alexander Hedman Garcia

Software Engineer | Full-Stack Development | QA Automation

douglashedman@yahoo.es | +504 8904-1949 | Tegucigalpa, Honduras | douglashedman.vercel.app

PROFESSIONAL SUMMARY

Software Engineer with 3+ years of experience in full-stack development, QA automation, and mobile apps. Shipped 5+ production Next.js web apps, 2 Flutter mobile apps, and maintained 300+ automated tests with Cypress and Playwright for e-commerce platforms. Integrates AI tools (Claude Code, Gemini, Cursor) into development workflows. Remote experience with US-based companies. Immediate availability.

EDUCATION

Universidad José Cecilio del Valle

IT Engineering

Tegucigalpa, Honduras | September 2017 - May 2024

Codecademy

Full-Stack Engineering + Computer Science Certifications

United States (Online) | August 2023 - December 2025

PROFESSIONAL EXPERIENCE

Systems Engineer, QA and Web Development

Decorilla Interior Designs, USA, Remote

August 2022 - Present

- Development and maintenance of 300+ automated tests with Cypress and Playwright for regression and E2E testing.
- AI tools integration (Claude Code, Gemini, Cursor) for test case generation and development workflow automation.
- Full-stack development with React.js and PHP/Yii2, SQL query optimization, and RESTful API implementation.

Technology Manager & Web Developer (Volunteer)

El Arca Honduras, Tegucigalpa, Honduras

December 2023 - Present

- Managing all technology operations for the organization including IT support, systems, and digital tools.
- Built institutional website with Next.js 15, TypeScript, and multi-language support (ES/EN/FR/PT/DE).

INDEPENDENT PROJECTS

Prizio — Price Comparison App

2025 - Present

Cross-platform mobile app comparing prices across 6 supermarket chains in Honduras (La Colonia, Walmart, Mas x Menos, Paiz, Diprova, PriceSmart).

- Flutter + Firebase + Python/FastAPI. Barcode scanning (ML Kit), price trends, smart lists, and push notifications.
- Automated scraping pipeline for 6 stores, Firestore schema design, and GCP cloud infrastructure.

PrintShop 504 — E-Commerce Platform

2026

Full e-commerce platform for a sublimation business (custom t-shirts, bags, mugs) in Honduras.

- Next.js 16 + Supabase + React-PDF + Zustand + Resend. Public storefront with catalog, cart, and checkout.
- Admin dashboard with RBAC, PDF invoicing, inventory management, supplier tracking, Excel reports, and activity logs.

Pharmacy Management System

2024 - 2026

Complete pharmacy management system with inventory, billing, and user administration.

- PHP + MySQL + SendGrid. Secure auth, real-time stock tracking with alerts, and multi-payment billing.
- Role-based access (Admin/Cashier/Inventory), detailed reports, and responsive design.
